Figure 2: Lit-Off VOID Security Seal

The Lit-Off VOID Security Seal is a tamper-evident seal that is designed to be used on a wide range of products. The seal is made of a special material that is designed to be torn or peeled off without leaving any residue. When the seal is torn or peeled off, it reveals a 'VOID' pattern underneath, which is a clear indication that the product has been tampered with. The seal is also designed to be used on a wide range of products, including boxes, bags, and containers.
